for one i have never been one of those who apologize for my frank and never ending delight in mystery stories their mazes have led me unwearied through miles of printed

pages and if only the problem has been worth while and its pursuit has led along surprising ways past shuddery thickets and over fearsome bridges my soul has returned to sober affairs refreshed and content in a word here is a remarkable volume which shows us how the wheels go round not by dogmatic statement but by an amazing breadth and variety of citation and quotation showing not only what great mystery writers have thought of their art but illustrating by apposite examples how they secured their effects

every day we are asked to fulfil others requests and we make regular requests of others too seeking compliance with our desires commands and suggestions this accessible text provides a uniquely in depth overview of the different social influence techniques people use in order to improve the chances of their requests being fulfilled it both describes each of the techniques in question and explores the research behind them considering questions such as how do we know that they work under what conditions are they more or less likely to be effective how might individuals successfully resist attempts by others to influence them the book groups social influence techniques according to a common characteristic for instance early chapters describe sequential techniques and techniques involving egotistic mechanisms such as using the name of one's interlocutor later chapters present techniques based on gestures and facial movements and others based on the use of specific words re examining on the way whether please really is a magic word in every case author dariusz dolinski discusses the existing experimental studies exploring their effectiveness and how that effectiveness is enhanced or reduced under certain conditions the book draws on historical material as well as the most up to date research and unpicks the methodological and theoretical controversies involved the ideal introduction for psychology graduates and undergraduates studying social influence and persuasion techniques of social influence will also appeal to scholars and students in neighbouring disciplines as well as interested marketing professionals and practitioners in related fields
