how does public transport work in an African city under neoliberalism who owns what in it who has the power to influence its shape and changes in it over time what does it mean to be a

precious and informal worker in the private minibuses that provide public transport in dar es salaam these are the main questions that inform this in depth case study of dar es salaam s public transport system over more than forty years the growth of cities and informal economies are two central manifestations of globalization in the developing world taken for a ride addresses both drawing on long term fieldwork in dar es salaam tanzania and charting its public transport system s journey from public to private provision this new addition to the critical frontiers of theory research and practice in international development studies series investigates this shift alongside the increasing deregulation of the sector and the resulting chaotic modality of public transport it reviews state attempts to regain control over public transport and documents how informal wage relations prevailed in the sector the changing political attitude of workers towards employers and the state is investigated from an initial incapacity to respond to exploitation to the political organisation and unionisation which won workers concessions on labour rights a longitudinal study of workers throws light on patterns of occupational mobility in the sector and the political and economic interests that shaped the introduction of bus rapid transit in dar es salaam and local resistance to it are analysed taken for a ride reveals the political economy of public transport exposing the limitations of market fundamentalist and post colonial scholarship on economic informality the urban experience in developing countries and the failure to locate the agency of the urban poor within their economic and political structures it is both a contribution and a call for the contextualised study of actually existing neoliberalism

this timely handbook explores how planning can be used as a mechanism a tool and a process to sustainably manage the impacts of climate change conceptually grounded in the planning and climate change literature it illustrates the different capabilities and inadequacies of planning in addressing climate change adaptation

co production of actionable knowledge as a development strategy entails working in partnership with different institutions and sharing power so that communities can participate in planning urban futures from housing access to land services and livelihoods co production strategies serve to advance collective interventions to improve inhabitation in cities around the world over time experiences of co production have generated critical insights about the opportunities and limits of such partnership strategies co production of knowledge in action engages with this critique from the perspective of practice it examines how co production is articulated and deployed in cities such as lima freetown kampala dar es salaam and delhi and explores ongoing experiences of co production inspired action mapping the different aspirations that inform co production practices and the impacts on urban communities while the volume recognises the limitations of co production and the ways it can serve to reproduce power structures if emptied of its political transformative intent the authors also seek to understand the emancipatory potential of co production as an incremental strategy that has the power to transform urban planning practices

maternal health is a global priority and significant progress has been made in reducing maternal mortality rates in recent decades however disparities persist with sub saharan africa and south asia accounting for the majority of maternal deaths worldwide maternal health services are essential for reducing maternal mortality and improving maternal outcomes however a number of factors including individual household community and health system factors can affect whether or not women use these services in resource limited settings a number of factors can affect whether or not women use maternal health services these factors include individual characteristics such as age education level income employment status and marital status household factors such as income number of children and decision making power community factors such as distance to health facilities quality of care cost of services and attitudes towards maternal health and health system factors such as availability of skilled health workers essential drugs and supplies and emergency obstetric care

this is a guide for the public sector in africa to attract private sector investment through effective project advertising management and implementation
